VOL. XXV NO. 81.

PADUCAH, KY., MONDAY EVENING, APRIL 5, 1909.

TEN CENTS PER WEEK

## MR. JAMES WILCOX DIES OF DISEASE CAUGHT IN SWAMP

Fatal Illness Contracted While  
Surveying in Blizzard  
Pond

Funeral Will be Held Tomorrow  
Afternoon.

AGED WOMAN GOES TO REWARD.

Mr. James Gaines Wilcox, 52 years old and one of Paducah's most prominent citizens, died this morning at 6:40 o'clock, at his home, 414 Washington street, after a long illness of a complication of diseases. He had been confined to his bed just four weeks before his death. He contracted the disease last summer while surveying at Blizzard Pond, and continued to grow worse until death. Mr. Wilcox was a popular man and had a large circle of friends.

Mr. Wilcox was born in Paducah February 15, 1857, and lived in this city most all his life. He was the son of the late D. C. and Mary Wilcox. He was a graduate of the military school at West Point, and after returning to this city took up his work of civil engineering.

For a period of 12 years up until six years ago, when Mr. L. A. Washington became city engineer, Mr. Wilcox was city engineer. Mr. Wilcox was married February 5, 1896, to Miss Louise Byng, of this city, and besides his wife, he is survived by one son, DeWitt Wilcox, 12 years old.

He is survived by one brother, Clint Wilcox, of Mount Vernon, Ind.; two uncles, Frank Wilcox, of the county, and I. D. Wilcox, of this city; two nieces, Mrs. Joseph Gardner and Mrs. Harry McElwee, and one nephew, Mr. Terrence Cooney, all of this city. Mr. Wilcox was a member of the Grace Episcopal church.

The funeral will be held tomorrow afternoon at 2 o'clock, the Rev. C. E. Grace Episcopal church, the Rev. David Cady Wright, officiating. The burial will be in Oak Grove cemetery. Pallbearers are: Charles K. Wheeler, Hal Corbett, Muscoe Burnett, Alex Kirkland, Don Gilberto and Judge R. T. Lightfoot.

### Mrs. Sarah B. Burke.

Mrs. Sarah B. Burke, 82 years old, died yesterday afternoon about 6 o'clock at her home, 422 Kinkaid avenue, Mechanicsburg, after a month's illness of pneumonia. Mrs. Burke had been a resident of this city only a short time and made her home with Mr. Jack Burke, her son. Mrs. Burke was a member of the Christian church. The funeral was held this afternoon at 2 o'clock, the Rev. C. E. Jackson, pastor of the Tenth Street church, officiating. The burial was in Oak Grove cemetery. The funeral service was held at the cemetery on account of Mrs. Burke, wife of Mr. Jack Burke, being ill with pneumonia.

### Mrs. Fannie Acree.

Mrs. Fannie Acree, 35 years old, wife of Mr. James Acree, died this morning at 4:20 o'clock at her home, 409 South Ninth street, after a four months' illness of tuberculosis. Mrs. Acree was born and reared at Clarksville, Tenn., and had been a resident of this city only five months. She is survived by her husband and one child. Mr. C. J. Acree, a grocer at Tenth street and Broadway, is a brother-in-law. The body of Mrs. Acree will be taken to Clarksville tomorrow morning at 1:30 o'clock. The funeral and burial will take place at Clarksville.

## COL. ROOSEVELT REACHES NAPLES THIS AFTERNOON

Naples, Italy, April 5.—Theodore Roosevelt, aboard the Hamburg, arrived at 2 o'clock this afternoon. He landed at the arsenal. An immense throng was present to greet him. The American winter colony at Capri attended, wearing small American flags. It is a gala day in Naples.

Ten thousand met Roosevelt as he passed out the arsenal gates. He was cheered as the party was wheeled through the streets. The automobiles of the Duke de Ascoli were loaned. Heavy police lines kept the crowds back.

Roosevelt and Kermit went ashore at 4 o'clock in the Scorpion's launch. She was surrounded by ten police boats. City authorities gave him an address of welcome. The German consul presented Roosevelt with an address from the kaiser.

## Government Commences Action to Dissolve Standard Oil Combine in Federal Court at St. Louis Today

Mr. Kellogg Speaks for United  
States, Referring to Prosecu-  
tions Against Rockefeller  
and His Colleagues.

St. Louis, April 5.—Four judges comprising the full federal circuit court began hearing the arguments in the case wherein the government seeks a dissolution of the Standard Oil company of New Jersey.

The cases involve the interrogation of the many phases of the Sherman act. Seldom, if ever, has such evidence been compiled on similar cases. The reports comprise more than seven million words.

St. Louis, April 5.—Pointing graphically to shocking abuses it alleges in the testimony and proved the final brief for the government in the Standard's dissolution suit was filed this morning in the United States circuit court. It bears the names George W. Wickersham, attorney general, and Frank B. Kellogg, Charles B. Morrison, Cordenio A. Severance and J. Harwood Graves.

"If the anti-trust act is to be effective," the brief says, "and monopoly is to be stopped, we must adopt a broad, reasonable construction of this act, which will not permit a monopoly in whatever form it is organized." The brief is composed of three printed volumes of 500 pages each.

"There is no question that if the court holds the Standard is a legal organization and not guilty of monopoly it can eliminate every competitor inside of two years," the brief continues. The government hints at confiscation of the Standard's products if the court holds against the government. It declares it hesitated to invoke drastic remedy and doubts whether any other remedies suggested by the law are adequate to stop the encroachments to combinations of the trusts.

"The Standard has substantially 85 per cent of the business of purchasing crude oil, in it. In many fields it has an absolute monopoly."

There is nothing spectacular about the government's fight against the oil trust. There were three spectators. The rest present were newspaper men and attorneys. Kellogg is spokesman of the government attorneys to the court.

Kellogg began this morning and paid a tribute to Rockefeller, Flagler and associates, William H. Vanderbilt, E. H. Weston and other railroad kings and said they are great organizers. The argument disclosed the important part to be played by indictments returned against Rockefeller, Flagler and William Vanderbilt, the Pennsylvania in 1879, charging an "agreement and conspiracy," when A. J. Cassett, formerly vice-president of the Pennsylvania rail-

## FEDERAL KU KLUX LAW MAY BE REVIVED TO PROSECUTE RAIDERS ON BIRMINGHAM

Unless the night rider suits in federal court are compromised between this date and April 19, they will most likely go to trial. Deputy United States Marshal Elwood Neel completed his work, summoning defendants Saturday. He did not get all of them, notably Dr. A. Amoss, but he said he served all those, particularly wanted in the Bennett case, all but three in the Cardin case, and all but two in the Eddyville raid cases. The plaintiffs have got service on those they particularly want, for their connection with the raids, and their possibilities of execution in the event of a verdict for damages.

Senator Wheeler Campbell is in Princeton today, a dispatch says, conferring with representatives of the defendants, concerning a settlement. Word comes from Louisville that Atorneys Browning and Hazell, of this city, representing plaintiffs in the suits against the Birmingham raiders, have conferred with District Attorney DuRelle in regard to the possibility of prosecuting the raiders under the federal Ku Klux law. That law is still in force.

Teacher in City Schools Complimented  
Miss Kathryn Kyser, of the Paducah High school faculty has received a telegram announcing her election to the chair of Biology in the High school at Ithaca, N. Y., for the coming school year. Miss Kyser will accept, as it is her desire to pursue this line of special work in teaching. She is a graduate of Cornell University, Ithaca, where she took a Master's degree, and will have the advantage of research there in her teaching. Miss Kyser is an enthusiastic student, and successful teachers and has made many friends during her year's stay in Paducah.

Partly cloudy tonight and Tuesday, colder by Tuesday night. Highest temperature yesterday, 73; lowest today, 64.

CLOUDY

### GAMBLING ON THE GREEN.

So vigorous has been the crusade of the city officials against gaming that it has been learned that some of the gamblers of the city have adopted the plan of rolling the bones or playing the cards on Illinois soil. Every Sunday it is said that the gasoline boats do landoffice business in transferring passengers across the river, where the quiet little games are undisturbed by the police.

road, flayed Kellogg. Indications are that they will finish the arguments Saturday.

Seek Injunction.  
Washington, April 5.—The hearing of the government's case against the Standard Oil company in St. Louis is one of the most important and far-reaching actions ever tried in this country. The charge is violation of the Sherman anti-trust law.

The Standard Oil company of New Jersey, together with various subsidiary corporations and seven individuals (John D. Rockefeller, William Rockefeller, Henry M. Flagler, Henry H. Rogers, John D. Archbold, Oliver H. Payne and Charles M. Pratt) are charged with combination and conspiracy to restrain and monopolize the trade and commerce in the purchase of petroleum, in the transportation of petroleum by pipe line, water and rail, in the manufacture and refining of petroleum and in the distribution, sale and shipment of the products of petroleum.

The United States seeks to perpetually enjoin the defendants from carrying out the alleged combination or conspiracy and to dissolve the Standard Oil combination.

Strike Imminent.  
Paris, April 5.—French labor conditions are menacing today. The cabinet is seeking exhaustive reports from police heads, and army commanders, relative to the ability to combat a threatened general strike May 1.

### Fair Association

The Paducah Fair association was organized this morning by some of the business men of this city for the purpose of having a series of races July 5 and 6 and giving a fair in the autumn. Officers were elected as follows: Ben Weille, president; T. J. Stahl, vice-president; R. C. Davis, secretary; George H. Goodman, treasurer. Directors: A. S. Thompson, W. O. Flowers, T. J. Stahl, R. C. Davis, J. W. Ketter, George H. Goodman and Ben Weille. Liberal purses will be offered so as to secure the best class of horses.

### Teacher in City Schools Complimented

Miss Kathryn Kyser, of the Paducah High school faculty has received a telegram announcing her election to the chair of Biology in the High school at Ithaca, N. Y., for the coming school year. Miss Kyser will accept, as it is her desire to pursue this line of special work in teaching. She is a graduate of Cornell University, Ithaca, where she took a Master's degree, and will have the advantage of research there in her teaching. Miss Kyser is an enthusiastic student, and successful teachers and has made many friends during her year's stay in Paducah.

## SHERIFF BISHOP AND HIS DEPUTY HELD PRISONERS

Carried Down Ohio River by  
Jolly Crew of the Packet  
Liberty.

Went to Arrest Captain and  
Himself Captured.

TILLER ROPES ARE CUT AWAY.

Sheriff Bishop, of Livingston county, and Deputy Ben Champion were kidnapped by a prisoner Saturday night.

Pistols were an important factor in a battle between the sheriff and his deputies and the crew of the steamer "Liberty" late Saturday afternoon on the Ohio river between Smithland and the Illinois shore opposite Paducah. The trouble arose over the attempt of the crew to prevent Captain Harry S. Davis being taken to jail by Sheriff W. D. Bishop, and a rough and tumble battle followed, in which the crew won by strategy after suffering heavy casualties.

The "Liberty" is an excursion steamer, and recently was in the trade between Paducah and Elizabethtown, but on the return of the regular packet the boat began running excursions. It was alleged that liquor was sold in prohibition territory by the officials of the boat, and a warrant was issued at Smithland on a charge of selling liquor while tied in the Smithland harbor. The warrant was placed in the hands of Sheriff Bishop, and he served it on Captain Davis, who readily agreed to accompany him.

During the dinner hour Captain Davis was in the custody of Deputy Sheriff Ben Champion, who had Davis at his home. Captain Davis consulted an attorney, and it was agreed to try his case at 1 o'clock Saturday afternoon, but later it was decided to postpone the trial, and for Davis to give bond. In the afternoon about 2 o'clock Sheriff Bishop with Deputy Sheriff Champion accompanied Davis to the boat.

### Sheriff's Story.

The story of the trouble as told by Sheriff Bishop is, "Captain Davis' bond was fixed at \$200, and he said he did not have that much money with him, but that he could secure it on the boat or borrow it from the crew. We readily agreed to accompany him and in a minute after stepping on the boat, he walked to some of the crew and spoke a few words. In a minute I saw a man untying a line and the machinery was started. Immediately I ordered the men to leave the lines alone, but the men never hesitated, and chopped the line in two. The boat is a side-wheel steamer and she was rapidly leaving the bank.

"At the engineer's door Mr. Champion was headed off by a pistol being thrown into his face, and quickly seeing trouble ahead, I ran to the pilot house, where I saw a man, Will Brisco, who claimed he was not the pilot, but I know he was. I used my pistol as a club and subdued him and took hold of the wheel and tried to run the boat into the bank, but the wheel was useless, as the tiller ropes had been cut, and the boat was being steered from the engineer's cabin, by some one swinging the lever of the rudder.

"As I glanced around I saw the mate coming to the pilot house and using profane language and threatening to kill us. I dared him to put his foot on the pilot house step and when he did so I knocked him cold with my pistol. He left us in a hurry. The pilot and captain were in the pilot house with us, as we had tied and handcuffed both of them. Pistols were being discharged freely down on the lower deck, where the crew held sway, while Mr. Champion and three Smithland men, who were unarmed, and myself were masters of the pilot house.

"The boat continued running, and as night came on the crew threatened to kill us in the dark. Seeing that something had to be done we deserted the pilot house, taking our prisoners, and went down on the cabin deck. We planned to get the prisoners ashore, and then escape any way we could, but the crew on the lower deck refused to lower the stage plank and vowed they would kill us if we came down a step, while we threatened to kill the first man that made a move to come to our deck.

"When the Liberty was opposite Paducah the crew landed the boat, and it was agreed that a member of the crew should go aboard and see if it were legal for me to retain the prisoner and remain on the boat. They refused to permit me to send one of my men, and when one went to step into the skiff a pistol was

## Most of Democratic Nominees in Lyon County Defendants in Suits Filed by Victims of Night Riders

One Fatality and Possibly  
Another Results From May-  
field Saturday Night Shoot-  
ings—Tater Day at Benton.

Eddyville, Ky., April 5.—(Special.)—After an intensely exciting primary, in which more votes were cast by the party than at the presidential election last fall, Lyon county Democracy went on record Saturday in a way that will considerably affect the judicial and commonwealth's attorney races in the Third district.

All but two of the successful candidates are defendants in the petition filed in the federal court by former Police Judge Rucker, of Eddyville, charging them with being responsible for the whipping administered to him by night riders. Enoch Prince, candidate for jailer, and Cordie Armstrong, candidate for circuit clerk, are not named by Judge Rucker.

Tom Parker Gray was nominated for county judge, defeating M. T. Molloy who came out unequivocally for law and order, by 125 votes. J. Sikes Hodge was nominated for county attorney; Lit. Cash, brother of Sheriff U. S. King was nominated for superintendent of public instructions, and Levi Oliver for assessor. It is contended by defeated candidates that in the Yale, Mont and Lamascos precincts nearly twice as many votes were cast as there are Democratic voters. These precincts are near the Trigg and Caldwell lines.

### Moore's Victim Dies.

Mayfield, Ky., April 5, (Special.)—After lingering 24 hours, Jesse Cooley, 35 years old, who was shot Saturday night by Richard Moore, died last night about 10 o'clock while the charge of malicious shooting has been changed to murder against Moore, who is in the county jail. Cooley was shot through the liver, and little hope was entertained for his recovery since the shooting.

Cooley and Moore were on good terms Saturday night when Cooley drove up to the railroad station about 9:30 o'clock. He entered the lunch room, and ordered fish. Moore told him to order a hook, too. Several humorous remarks were made by both, when Cooley took his hat and slapped Moore over the head, Moore became angered, and, it is said, invited Cooley out to the platform. As Cooley stepped from the door Moore shot him. This is the story as told by witnesses, but it is believed there was a grudge behind the motive for shooting Cooley. Moore made no attempt to escape the police.

Cooley formerly lived in Paducah and is a son of the late S. W. Cooley, who operated a clay pit at Clay switch. Cooley was in good circumstances at one time, but it is said that most of his fortune had been lost. About ten years ago he married Miss Willie May Eley, of Paducah, who survives him. Three small children also are left. Cooley also was a half brother of Mrs. Manie Cooley McMan-

thrown on him. Night was coming on, and we feared that under the cover of darkness we might be killed. Soon the man that was sent to Paducah and see Armour Gardner, the United States commissioner, returned and said that I was on the boat illegally, because the boat was tied to the Illinois shore. Then it was we left, but not until after a wrangle did they allow us a skiff to row to the Paducah harbor."

### Boat Goes On.

Sheriff Bishop reached Paducah between 6 and 7 o'clock and tried to secure help, but the boat dropped on down the river. Sheriff Bishop returned to Smithland yesterday afternoon.

When the boat swung out from the Smithland harbor Charles Ferguson, county superintendent of schools, and L. B. Lynn jumped into a skiff and tried to render assistance, but when the skiff was pulled alongside the "Liberty" one member of the crew drew a pistol on him and refused to let them on the boat. In the skiff the two men followed the boat down the river and reached Paducah shortly before Sheriff Bishop deserted the steamer.

Nobody was injured in the general melee; but many pistol shots were fired. Sheriff Bishop said that Captain Davis would be arrested, as well as the members of the crew on the charge of resisting an officer.

### Member of Crew Arrested.

Frank Roark, a member of the crew, was arrested this afternoon by Patrolman Baker and City Jailor Clark on the charge of aiding H. S. Davis to escape from Sheriff Bishop. The warrant was issued in Livingston county.

### FIRST STRAW HAT.

Warm weather has brought out summer clothes, but Arthur Jones, a storekeeper at the Illinois Central railroad shops, was the first to have the honor of wearing a straw hat. Owing to the warm weather the straw lid did not look out of place, and a few of his friends, who sweated under winter hats, envied him for his light, airy top-piece.

non, of Paducah, both now on a visit in Nashville.

### Wilson May Recover.

Chances for recovery are good for Charles Wilson, 45 years old, who tried to kill himself late Saturday afternoon, by sending a bullet through his abdomen. Last night the physicians performed an operation, and ascertained that his bowels were not pierced by the bullet, and that with good care he would recover unless complications develop. The cause of Wilson's shooting himself is domestic trouble. Wilson's wife has a suit filed for divorce, and this preyed on his mind. Wilson was in Norman's store Saturday when he in a jovial manner asked Mr. Norman how he would like to see a man fall. At this he pulled a pistol, and pointing it at his abdomen pulled the trigger. At first it was thought the wound was fatal.

### "Tater Day" at Benton.

Benton, Ky., April 5.—(Special.)—Today was "tater" day, a famous event for Marshall county. Large crowds of farmers were in town to swap seed potatoes and attend the opening of the circuit court. The crowd was augmented by a number of men who have been indicted for night riding and taking part in the raid on Birmingham. It is probable that several cases will be tried this term of court, and an effort will be made to dispose of the entire lot. Judge Reed hopes to wind up the session in two weeks.

### Must Levy for Schools.

Frankfort, Ky., April 5.—County Superintendent C. D. Wells, of Mason county, got an opinion from Attorney General Breathitt to the effect that a special school tax levy of 15 cents on the \$100 worth of property, enacted by the act of the legislature in 1889-90, is still valid, and that if he desires a 20-cent tax levy for school purposes, all he will have to do will be to ask the fiscal court for an additional 5-cent levy. The members of the fiscal court are understood to be desirous of keeping the tax rate as low upon the people as possible, and hold that the rate of 15 cents, which has been in effect since 1890, is sufficient. Superintendent Wells wanted to get some authority upon the matter, and he laid the matter before Attorney General Breathitt, and then consulted with the department of education.

### Now! There!

Shelbyville, Ky., April 5.—(Special.)—Replying to Governor Wilson's criticism of him in a pardon issued to Garnett Ripy, charged with false swearing in the night rider cases in Shelby county, County Attorney Pickett says the governor acted from ulterior motives.

### Parham Held Over

Evansville, Ind., April 5.—(Special.)—The negro Burquo Parham, arrested in Paducah Friday, charged with the murder of Arthur Balseh, was held over to the circuit court here without bail.

### Local Option Elections

Detroit, April 5.—Local option elections in 27 counties in lower Michigan are held today. There is a bitter fight. A heavy vote was polled this morning.

### Marries Kentucky Couples.

Metropolis, Ill., April 5.—(Special.)—Magistrate Liggett married the following couples from Kentucky today: Lavinia Hulbschmann and Louis M. McIntosh, of Paducah; Anna B. Brantton and James D. Dickerson, of Kevill.

Washington, April 5.—Justice Peckham, of the United States supreme court, today rendered the opinion that the Kentucky railroad commission has no right to make general rate schedules for all roads within the state. The case was brought to the court to decide the constitutionality of the McChord act, constituting a railroad commission.

## APRIL DOCKET OF CIRCUIT COURT IS INTERESTING

Many Cases of Importance  
Are on Calendar For Criminal Term.

More Than Usual Number of  
Homicides.

GAMING CASES TO BE TRIED.

Preparations for the April term of the McCracken county circuit court have been begun. The court will begin April 26. The criminal docket has been prepared. Many old cases are on the docket for trial. The largest number of murder cases ever before the McCracken circuit court will be up for trial. None of the murderers have been indicted by the grand jury, and consequently their cases have not been placed on the docket. The docket is: Hiram Smedley, embezzlement of public funds; H. E. Hubbard, converting money of another to his own use, two cases; Jim Taylor and Will Shearer, robbery; Claude Craig, grand larceny; A. Beaton, malicious shooting; Will Hamilton, malicious cutting, Ed Buford, alias Lehard Buford, grand larceny; Luby Wyatt, petit larceny; Luby Wyatt, false swearing; Roxie Dismukes, malicious cutting; John Gillespie, malicious cutting; Jonas Smith, murder; Cicero Anderson and Dock Eddings, malicious cutting; Hattie Mayes, malicious cutting; Dora Gano, appeal, Boss Sergeant, shooting in sudden heat and passion; Fred Wyatt, malicious cutting; W. M. Hicks, obtaining money by false pretenses; Other Kerry, grand larceny; Ruth Reynolds, desertion of child; Stonewall Ferguson, murder; Peter Arlund, obtaining money and obtaining property by false pretenses; Jim Doolin, grand larceny; Bill Bailey and Ernest Ward, horse stealing; Bill Bailey and Ernest Ward, obtaining money by false pretenses; Jake Biederman Grocery and Baking company, appeal; Will Pickleman, appeal; John Rogers, cutting in sudden heat and passion; L. C. Morrow, shooting in sudden heat and passion; Luther Duffy, discharging pistol on public highway; Lon Gilbert, breach of the peace; Charles Hammonds, Will Leech, Claude Barnes and Will Wood, gaming; Lucile Thompson and Helen Westlake, Lucille Agnew and Ida Chesterfield, nuisance; Helen Westlake, selling liquor without a license; Emerson Eddings, forfeiture; Ed Bradford, cheating and defrauding; Brantley Boaz, furnishing liquor to a minor; Tom Gregory, assault and battery; John and Will Bloodworth, petit larceny; Ernest Elmdorff and John Bulger, common gamblers; Albert Dickerson, petit larceny; Clarence and Walter Dickerson, assault and battery; T. Cooney, J. Gardner and Ed H. Gibson, unlawfully selling liquor; Sam Bryant, furnishing liquor to a minor; M. Melton, breach of peace; B. B. Hook, selling morphine without registering.

A score of well known men are indicted for gambling.

## LEADERS ADMIT THEY HAVE NOT VOTES ENOUGH

Washington, April 5.—Dwight, of New York, Republican whip of the house, declared this morning the tariff bill role will be presented this afternoon. It is understood the rule provides for a separate vote on several important measures.

The house leaders at 11 o'clock this morning admitted there are not enough votes pledged to pass the proposed rules. The tariff bill is expected to secure enough by obtaining the support of high tariff insurgents.

The crucial day in the Payne tariff bill discussion in the house resulted in crowded galleries today with full attendance on the floor. Mrs. Taft and son, Robert, and Captain Butt, the president's aid, are present.

State Wins.  
Washington, April 5.—The supreme court today reversed the decision of the United States circuit court of appeals in the famous South Carolina dispensary cases. He held in favor of the state.

Berry Simpson Surrenders.  
Cincinnati, April 5.—(Special.)—Berry Simpson, alleged leader of the Stearns rioters, surrendered to the federal authorities at New port to aid in freeing his sons.

## When You Think

Of the pain which many women experience with every month it makes the gentleness and kindness always associated with womanhood seem to be almost a miracle. While in general no woman rebels against what she regards as a natural necessity there is no woman who would not gladly be free from this recurring period of pain.

**Dr. Pierce's Favorite Prescription makes weak women strong and sick women well, and gives them freedom from pain. It establishes regularity, subdues inflammation, heals ulceration and cures female weakness.**

Sick women are invited to consult Dr. Pierce by letter, free. All correspondence strictly private and sacredly confidential. Write without fear and without fee to World's Dispensary Medical Association, R. V. Pierce, M. D., President, Buffalo, N. Y.

If you want a book that tells all about women's diseases, and how to cure them at home, send 21 one-cent stamps to Dr. Pierce to pay cost of mailing only, and he will send you a free copy of his great thousand-page illustrated Common Sense Medical Adviser—revised, up-to-date edition, in paper covers. In handsome cloth-binding, 31 stamps.

### STR. GRACEY CHILDERS

Leaves every Tuesday at noon for Nashville and all way points and every Saturday at 6 p. m. for Clarksville and all way points. For further information see D. O. McHison, old phone 2777, or on board.

Try the Chocolate Nut; it's great.

### STUTZ'S COLUMBIA

#### Taft's Fire Escape.

We get the note of seriousness in this little episode of Taft's senior year when he moved over into "South College" on the top floor. He found it a fire-trap—old and tindery, with no escape. So he purchased a long and thick rope and kept it coiled in the corner of his room. He wasn't going to have his young and promising career ended by any accident due to lack of foresight. It

## Singer Talks

Better to be Sure Beforehand Than to be Sorry Afterwards

- How many, many times women have been heard to say "I wish I had bought a Singer!"
- Some of them own bargain-store machines which were represented to be "as good as the best, and cheaper." A little use soon uncovered their weaknesses—and the loss or break of a part left them utterly useless and a waste of money.
- The only way to avoid the tricks of irresponsible "dealers" is to buy a Singer direct from the maker.
- Then you know beyond any doubt that you are getting the best sewing machine made for the lowest price at which a reliable machine can be sold.
- And you will have no reason to be sorry afterward. Wherever you are there's a Singer Store near by to promptly supply parts, make repairs, give expert assistance.
- Be sure beforehand—get a Singer.

Sold only by  
**Singer Sewing Machine Company**  
(Incorporated.)  
220 BROADWAY

## GRADUAL GROWTH OF TRADE NOTICED

Henry Clews Continues Optimistic Over Situation.

Public Concern Turns From Tariff to Crops As Chief Factor Now.

### MONEY MARKET STAYS EASY

New York, April 5 (Special).—The stock market appears to be rousing itself from the dormant condition into which it had fallen for the past month or two. The rest cure has been beneficial, and the result is that the market finds itself in a sounder and stronger position than at any time during the current year. Unfavorable conditions have been amply discounted, and whatever changes have taken place are generally for the better. That there has been a turn in the tide of market sentiment there can be no question, and it is now expressing itself in more vigorous action. Causes for improvement are visible and perfectly natural. A change of greatest consequence is the reviving tendency of trade. This is particularly noticeable in the iron and steel industry, where reductions in prices and a readjustment of wages have laid the basis for a fresh upward movement. For some time past railroads have been quietly figuring in the steel market for the placing of orders, while owners of projected buildings have also been securing estimates upon important contracts. The result is that in March a very encouraging amount of orders were placed for structural material. Of course, the approach of spring, and the consequent starting of outdoor operations had had much to do with this recovery, but as just said the most important element has been the readjustment of values, and a feeling that in many cases prices of raw materials had temporarily at least reached the lowest possible point.

**Trade Reports.**  
Trade reports from various parts of the country are also more encouraging, and suggest a moderate revival in trade. It must be remembered that in many cases orders have been held back owing to various uncertainties, and that shelves in consequence have become more or less bare of stock. The result is an accumulation of orders, which necessarily affords signs of improved activity. A glance at clearing house returns in leading cities of the United States last week shows that bank clearings were more than 14 per cent in excess of a year ago, the gain being well distributed in all sections of the country. In the previous week the increase in clearings was 17 per cent, every section of the country participating in the improvement. It is also worthy of note that the gross clearings in the third week of March were considerably larger than in any of the three preceding years; even in 1906 when speculation was so much more active than now. Railroad earnings are also making more gratifying reports, forty-five roads in the second week of March showing a gain of nearly 8 per cent over a year ago, while forty-four roads in the first week of March showed a gain of nearly 10 per cent over last year, when the roads were beginning to recover from the effects of the panic.

Tariff agitation is now losing its effect. It is already recognized that the Payne bill is so full of objectionable features that it will have no chance whatever in the senate. The sooner the present useless and demoralizing discussion in the house is ended the better. In all probability the senate amendments will be far less objectionable than the house bill. Mr. Aldrich will probably revise the bill in a form likely to more reasonably satisfy public demand, and if so there will be some chance for a prompt solution of the problem than was at one time expected. The senate bill will probably be offered as an amendment of the house bill and then go to a conference committee, and emerge in a form somewhat approaching completion. In any event the stock market cannot now be much influenced by tariff considerations; no injury is likely to be inflicted that has not been already discounted, and the injury from tariff delay will now fall upon the industries most closely dependent upon high tariff rates. As a market influence the tariff will hereafter be of minor consequence.

**Crops.**  
The crops are already a matter of earnest solicitude. As frequently stated in these advices, the country is in great need of larger crops. We not only need them on behalf of our own people to give them an abundance of food at lower prices, but we also need them for the sake of stimulating exports. Our shipments of domestic produce for the last few months have been steadily declining, owing to relative scarcity and high prices. Meanwhile, our imports have continued to increase, partly because of reduced supplies and partly because of a better demand for raw materials in domestic industry and partly owing to expected tariff increases. The result has been an increased unfavorable balance of trade, which accounts for the recent large efflux of gold. We have now returned practically all the \$110,000,000 of gold brought here after

### GRAND BENEFIT FEATURE ACTS

Complete change of program Thursdays. Matinees, 2:15 to 4:30; Evenings 7:15 to 10:30. Something doing all the time—never a dull moment.

Illustrated Songs, Moving Pictures, ADMISSION—Adults, 10c; Children, 5c  
LOUIS FARRELL, Manager and Sole Owner Star and Kozy

the panic. For the time being further large shipments are probably at an end, unless to Argentina on London account. Under ordinary circumstances the season for gold exports should be about over, but it remains to be seen what the effect will be of a continued adverse trade balance. Some important new security issues are in prospect for Union Pacific, Southern Pacific, St. Paul, N. Y. Central, Erie and several other important systems, which are likely to be in the market before long, and as considerable of these will be placed abroad the supply of finance bills consequent thereon should make up for any deficiency in our exports.

**Money Market.**  
In the money market easy conditions remain, not only at home, but abroad. The first of April was passed entirely free of the stringency which in former years used to regularly occur at this period. Should speculation and trade become more active the tendency would, of course, be toward firmer rather than easier rates. The condition of the public treasury is also a matter of some concern. It is expected that during the next three months there will be a deficit of at least \$30,000,000, which will have to be made good by drawing upon either the \$60,000,000 in depository banks, or the fifty odd million dollars now in the treasury. In either case it means that the secretary of the treasury will be obliged to do some skillful piloting. There is no need of apprehension, however, in this respect, since the secretary may, if he so desires, issue any portion of the \$45,000,000 Panama bonds which have been authorized. The needs of the treasury are likely to be a more important element in the

### FEED YOUR MONEY?

Feed Your Brains and It Will Feed You Money and Fame.

"Ever since boyhood I have been especially fond of meats, and I am convinced I ate too rapidly, and failed to masticate my food properly. The result was that I found myself, a few years ago, afflicted with ailments of the stomach and kidneys, which interfered seriously with my business. At last I took the advice of friends and began to eat Grape-Nuts instead of heavy meats, etc., that had constituted my former diet. I found that I was at once benefited by the change, that I was soon relieved from the heart-burn and the indigestion that used to follow my meals, that the pains in my back had ceased entirely. My nerves which used to be unsteady, and my brain, which was slow and lethargic from a heavy diet of meats and greasy foods, had gradually, but none the less surely, been restored to normal efficiency. Now every nerve is steady and my brain and thinking faculties are quicker and more accurate than 40 years past. After my old style breakfasts I used to suffer during the forenoon from a feeling of weakness which hindered me seriously in my work, but since I have begun to use Grape-Nuts food I can work till dinner time with all ease and comfort. There's a Reason." Read the little book, "The Road to Wellville," in pkgs. Ever read the above letter. A new one appears from time to time. They are genuine, true, and full of human interest.

money market than they have been for some time past. An increase in importations should help government revenue, and internal revenue should also benefit ere long from improved trade conditions. The treasury's real embarrassment is more due to an extravagant congress than to any temporary deficiency in revenue.

The outlook for the stock market suggests increased activity. Many absentees are now returning, feeling invigorated after a period of recuperation, and are openly expressing more optimistic views; notably Mr. Harri-maz and Mr. Hill, both of whom are known for their sagacity.

HENRY CLEWS.

### TOBACCO NEWS

Louisville, April 5.—There was a marked falling off in the tobacco business on the local breaks the week The total offerings consisted of 969 hogheads, of which number 243 were new burley, 304 old burley, 378 new dark, and 41 old dark. Last week the total offerings consisted of 1,096 hogheads, so, compared with this week's offerings, there was a falling off of 127 hogheads.

The private sales reported consisted of 217 hogheads old burley, sampled for the Equity society; 5 new burley, 22 old dark, and 102 hogheads new dark sold to various parties.

There were only 238 hogheads of new burley offered at auction, with the quality being inferior—showing but little color—and the condition generally unsatisfactory as a number of hogheads were soft and fumed. The market for common red burley in soft order was easier, medium and good red leaf were firm at last week's prices. Colory smokers, strip-pers and natural leaf fillers were in good demand, though no higher. The offerings of old burley were small, composed largely of red fillers. Good red leaf was a few bids higher. Out of condition leaf was easier. Colory grades were firm.

The offerings of new dark, both fired and cured, were small. Quality of the air-cured tobacco was poor, mostly of a rehandling type. Extra

## Singer Talks

Better to be Sure Beforehand Than to be Sorry Afterwards

- ¶ How many, many times women have been heard to say "I wish I had bought a Singer!"
- ¶ Some of them own bargain-store machines which were represented to be "as good as the best, and cheaper." A little use soon uncovered their weaknesses—and the loss or break of a part left them utterly useless and a waste of money.
- ¶ The only way to avoid the tricks of irresponsible "dealers" is to buy a Singer direct from the maker.
- ¶ Then you know beyond any doubt that you are getting the best sewing machine made for the lowest price at which a reliable machine can be sold.
- ¶ And you will have no reason to be sorry afterward. Wherever you are there's a Singer Store near by to promptly supply parts, make repairs, give expert assistance.
- ¶ Be sure beforehand—get a Singer.

Sold only by  
**Singer Sewing Machine Company**  
(Incorporated.)  
220 BROADWAY.

## GRADUAL GROWTH OF TRADE NOTICED

Henry Clews Continues Optimistic Over Situation.

Public Concern Turns From Tariff to Crops As Chief Factor Now.

MONEY MARKET STAYS EASY

New York, April 5 (Special).—

The stock market appears to be rousing itself from the dormant condition into which it had fallen for the past month or two. The rest cure has been beneficial, and the result is that the market finds itself in a sounder and stronger position than at any time during the current year. Unfavorable conditions have been amply discounted, and whatever changes have taken place are generally for the better. That there has been a turn in the tide of market sentiment there can be no question, and it is now expressing itself in more vigorous action. Causes for improvement are visible and perfectly natural. A change of greatest consequence is the reviving tendency of trade. This is particularly noticeable in the iron and steel industry, where reductions in prices and a readjustment of wages have laid the basis for a fresh onward movement. For some time past railroads have been quietly figuring in the steel market for the placing of orders, while owners of projected buildings have also been securing estimates upon important contracts. The result is that in March a very encouraging amount of orders were placed for structural material. Of course, the approach of spring, and the consequent starting of outdoor operations had had much to do with this recovery, but as just said the most important element has been the readjustment of values, and a feeling that in many cases prices of raw materials had temporarily at least reached the lowest possible point.

#### Trade Reports.

Trade reports from various parts of the country are also more encouraging, and suggest a moderate revival in trade. It must be remembered that in many cases orders have been held back owing to various uncertainties, and that shelves in consequence have become more or less bare of stock. The result is an accumulation of orders, which necessarily affords signs of improved activity. A glance at clearing house returns in leading cities of the United States last week shows that bank clearings were more than 14 per cent in excess of a year ago, the gain being well distributed in all sections of the country. In the previous week the increase in clearings was 17 per cent, every section of the country participating in the improvement. It is also worthy of note that the gross clearings in the third week of March were considerably larger than in any of the three preceding years; even in 1906 when speculation was so much more active than now. Railroad earnings are also making more gratifying reports, forty-five roads in the second week of March showing a gain of nearly 8 per cent over a year ago, while forty-four roads in the first week of March showed a gain of nearly 10 per cent over last year, when the roads were beginning to recover from the effects of the panic.

Tariff agitation is now losing its effect. It is already recognized that the Payne bill is so full of objectionable features that it will have no chance whatever in the senate. The sooner the present useless and demoralizing discussion in the house is ended the better. In all probability the senate amendments will be far less objectionable than the house bill. Mr. Aldrich will probably revise the bill in a form likely to more reasonably satisfy public demand, and if so there will be some chance for a prompt solution of the problem than was at one time expected. The senate bill will probably be offered as an amendment of the house bill and then go to a conference committee, and emerge in a form somewhat approaching completion. In any event the stock market cannot now be much influenced by tariff considerations; no injury is likely to be inflicted that has not been already discounted, and the injury from tariff delay will now fall upon the industries most closely dependent upon high tariff rates. As a market influence the tariff will hereafter be of minor consequence.

#### Crops.

The crops are already a matter of earnest solicitude. As frequently stated in these columns, the country is in great need of larger crops. We not only need them on behalf of our own people to give them an abundance of food at lower prices, but we also need them for the sake of stimulating exports. Our shipments of domestic produce for the last few months have been steadily declining, owing to relative scarcity and high prices. Meanwhile, our imports have continued to increase, partly because of reduced supplies and partly because of a better demand for raw materials in domestic industry and partly owing to expected tariff increases. The result has been an increased unfavorable balance of trade, which accounts for the recent large outflow of gold. We have now returned practically all the \$10,000,000 of gold brought here after

FOOTBALL UNFIT  
FOR COLLEGESGame Benefits Transportation  
Companies.

Chances For Betting Still Provided on a Great Scale—England Schools Not Thus Afflicted.

## RULES NOT SEVERE ENOUGH

New York, April 5.—Football came in for another smash from President Eliot of Harvard in the last annual report he will ever make to the trustees of that institution. President Eliot says:

"Although the game of football has been made more open and interesting by the new rules, and some of the former foul play has been prevented by the neutral strip and other devices, the game still remains unfit for college uses, affords a demoralizing spectacle for the immense crowds which gather to witness the chief games, and still provides on a great scale the opportunity for that variety of gambling called betting.

## LADIES' TAILORING CO.

Man-tailored Coat Suits and Skirts. Prices reasonable. First-class work guaranteed.

PHONES:

Old 305 New 412  
112½ South Fifth Street

"The betting evil is greatly increased by the practice of exhibiting the game in public halls in many American cities far remote from the scene of action. The popular excitement over football games is spread and maintained for commercial purposes by newspapers, transportation companies and hotels, which reap a considerable profit from these assemblages, since the public is prepared to spend large sums of money in order to witness these exciting contests.

## Absent in England.

"The English schools and universities have never been afflicted with these vulgar evils in connection with their athletic games, and their wholesome habit of universal outdoor exercise is maintained quietly and firmly without any such adventitious excitement.

"It is reasonable to expect that the barbarous stage of public opinion and college opinion concerning athletics, which in this country has been partly the result of inexperience in competitive sports and partly of the general predisposition to exaggerate in pleasures which characterize Americans, will pass away before many years."

## Leave Well Enough Alone.

Whether the football rules are still to be furthered with will soon be decided.

The eastern solons declaring that something must be done to put life into the game would amend several of them being that which provides a fifteen-yard penalty in the case of an incomplete forward pass. This, they declare, is too severe, and tends to make a team leechy of using the play.

The western coaches on the other hand, want to leave what they call well enough alone. They fear that continual tampering with rules will result in such a state of confusion that spectators and players alike will be up in the air.

However, it is generally recognized that football will lose much of its interest in this section of the country unless some life is instilled into it. The defensive game, as played by the big eastern teams last year, was not

a great success, and it was impossible to play any other kind of a game under the rules.

## Stomach Trouble Curable.

To anyone suffering with stomach trouble, I will say I was afflicted with it for fifteen years. I got in such condition I had to quit work. I tried Hays' Specific, found relief and went back to work and now hold my former position. I can conscientiously recommend it for stomach trouble.

L. F. DAVIS, Palmer House, March 15, 1909.

## That Kind of a Man.

The Georgians of Augusta are chuckling over a new story about Mr. Taft.

Mr. Taft, it seems drove out one afternoon to see a Georgia planter. The planter's cook, a very old woman, takes no interest in public affairs, and she did not recognize the portly guest.

"What did you think of that gentleman, Martha?" the planter asked, after Mr. Taft had driven off.

"Well, sir," old Martha replied. "I can't say as I saw nothin' particular about him. He looked to me like the kind of man as would be pretty reg'lar to his meals."

Some men kick because they don't get justice and some because they do.

It takes a has-been a long time to find it out.

## CUMBERLAND

PRESBYTERIANS WIN PROPERTY  
IN TENNESSEE.

## Supreme Court Decides Old Organization Retains Possession of Churches.

Nashville, Tenn., April 5.—While the decision of the supreme court delivered in the case involving the validity of the big organic union between the Cumberland church and Presbyterian church, U. S. A., effects only the church property at Fayetteville, Lincoln county, it settles the entire controversy and paves the way for the Cumberland Presbyterians who did not go into the union and have undertaken to maintain the old organization to recover all church property in Tennessee, including the publishing house interests in Nashville, valued at about \$250,000, and eight houses of worship and other property pertaining thereto, valued at about \$95,000.

A bill is already pending seeking to recover the publishing house interests and unless the unionists voluntarily surrender other property it

is almost certain that the loyalists will at once file bills to recover.

## Not Effective.

In the opinion delivered by Judge W. M. Neil, it was held that the proceedings taken for union were not effective in this case to merge the Cumberland church into the Presbyterian church, U. S. A., and that the Cumberland church still remains an independent organization. It holds that the complainants or unionists are not now identified with the doctrine, policy, organic subordination of the Cumberland, but have united themselves with another and different ecclesiastical organization.

## ANTI-SALOON

## LEAGUE RE-ELECTS THE REV. W. J. NAYLOR.

## Annual Meeting Held at Court House Saturday Evening—The Committee.

The McCracken County Anti-Saloon league held a business meeting in the county court house Saturday afternoon for the purpose of electing officers for another year. The Rev. W. J. Naylor was re-elected president. The other officers elected were: Vice-president, the Rev. M. E. Dodd; secretary, J. M. Miller; treasurer, G. P. Husbands. Tonight at the First Baptist church the executive committee, consisting of the Rev. Mr. Naylor, the Rev. Mr. Dodd and Mr. Miller, will meet and select the chairman for the various magisterial districts.

## A Trifle Early.

I love to think about the glen  
Where lilacs bud;  
I fain would wander there again  
But for the mud.  
—Philadelphia Bulletin.

## A Million Added.

Having raised \$500,000 to duplicate Andrew Carnegie's gift and having received Mr. Carnegie's check for the half million, the University of Virginia now has \$1,000,000 in cash to add to its endowment. The \$500,000 given by Mr. Carnegie will become the permanent endowment of at least six schools in the university—the School of Engineering, the

School of Political Economy and Political Science, two chairs in the School of Law, the School of English and the School of Pathology. These will be named for great men who have helped build the university and the republic.—New York Tribune.

When a small boy cries because he can't go to school he ought to be investigated.

All the net proceeds of THE STAR THEATRE next Tuesday and Wednesday will be given to Riverside Hospital. Manager Farrell, of The Star, with his usual generosity, has donated all the net proceeds of next Tuesday and Wednesday to the fund being raised by the ladies for Riverside Hospital, and, in addition, will put on one of the best bills of the season. Help a good cause by attending.

PETER PURYEAR,  
Notary Public McCracken Co.  
My commission expires January 10, 1912.

## Daily Thought.

Repentance is always lame without restitution and reformation.

There is a school in Boston, which holds a psychological clinic, and tells the pupil what he is best fitted for. It is reducing providence to an exact science.

The Kentucky State Journal says an Oklahoma man's collar button was found in his verminiferous appendix. He probably acquired appendicitis by squirming around trying to look under the bureau and swearing at his wife for laughing.

## BECKHAM REDIVIVUS.

At a meeting of the Democratic state central committee at Lexington last week, which was called by eight members in the absence and against the protest of Chairman Prewitt, that gentleman was divested of his authority and prerogatives, and a committee of four, headed by Tom Combs, of Lexington, will manage the party. The significance of the move may or may not rest in the old time relationship existing between Senator Combs and former Governor Beckham; but so far as we are informed, they are just as friendly as they ever were. Now, Beckham and the Louisville bunch are not friendly. The Louisville bunch was against him for senator and against him again at the Lexington convention, which chose delegates to the Denver convention. We are not ready to draw conclusions from this most recent incident; but it looks interesting.

## STILL THEY COME.

The Paducah Sun is another recruit in the ranks of those who support men stronger than they support measures. The Sun says:

"A contemporary boasts its dignity always confining its discussions of things political to measures and leaving the personalities involved in the contest, alone. We take exactly the opposing view. The longer we live and observe, the more we are convinced that there is a large percentage of buncombe in political principles (?), and jobbery in measures, while the character of men selected to administer the government is the prime essential to good government. Give us good men and they will give us good laws and enforce them." As the Inquirer has said hundreds of times, it is the man after all. For what does a platform stand if a corrupt man is elected to execute its promises?

Give us a good man or a bad platform every time in preference to a bad man on a good platform. The good man will ignore a bad platform because the good man does right and will not do wrong merely because his party is pledged to wrong. The bad man will do his own way, regardless of the good pledges of his party's platform and as the man in each instance ignores the platform and acts independent of it, we will take the good man on the bad platform every time. The good man looks to the welfare of his people; the bad man looks at

## PRIZES FOR IMPROVING CITY PREMISES.

Offered By Mayor Smith In Contest Extending Throughout April

- For Boy or Girl Selling Most Trees—Gold Watch.
- (Produce certificate of purchaser that he set out trees in Paducah, and express or freight receipt for delivery.)

- (Character of residence and location not considered, but repairing, painting, planting whitewashing etc., are counted.)
- Contest begins April 1 and ends April 30.
- Miss Adine Morton, chairman Civics' department Woman's club, Miss Elizabeth Sinnott and Mrs. Charles Kiger have control of contest.
- Information on points not understood will be furnished at The Sun's office.

ter his individual interests and of the few who compose the little coterie of political grafters who write flowery platform promises merely for the purpose of deluding the voters and holding their attention while the band of political pirates put their pecuniary paws into the people's pockets by looting the public treasury.

If the man is dishonest the best platform ever promulgated stands for naught; but if honest, the people's interests will fare well regardless of the platform.

After all it is the man—Owensboro Inquirer.

## THE POLICE JUDGE.

No better selection for police judge could be made, than John J. Dorian. He has been tried in public capacity and proven to be of the right kind of stuff. He can win votes without pandering to any special element and without losing his own self-respect, and votes are as necessary in politics, as self-respect is in a man. When a man can get votes and retain his self-respect then we have a man in politics. A police judge doesn't make the law and need have little concern for nice technicalities, so long as he keeps his eye on justice. Technicalities are the bramble bushes on the precipice of ruin, at which a criminal grasps to save himself after that he has ignored the warning sign and stepped over the brink. We want a just judge, who considers himself the protector of society; neither dealing unmercifully with the unfortunate, nor withholding justice from the influential law breaker. Facts are the things with which magistrates deal. The law is on the statute books, and the city employs an attorney, who can direct the proper legal procedure to make the court's edicts effective. Speedy, exact, even handed justice, is all that is required of the police bench.

## SOME STORIES AROUND TOWN

Mayor Smith is a devotee of the pipe, and it is only occasionally that one sees His Honor puffing a cigar. Not only is the pipe the favorite smoke of the mayor, but he has quite a collection, and it is not often he is seen smoking the same pipe. It is true that the mayor does not carry a pipe around with him, for he has an even dozen pipes, so that when he is worried he may take a few whiffs of smoke from a favorite pipe. The pipes have been secured in many ways. Some have been the gifts of friends, while others have been purchased by the mayor because he liked their shapes. At his office at the city hall, Mayor Smith has four pipes that he puts on, while at his private office he has four more, and at home he has four more.

The favorite pipe of the mayor is kept at home and before breakfast every morning the mayor enjoys his smoke of the weed. The pipe has a long stem and such a favorite is the pipe that Mayor Smith frequently crawls into the bathtub without the formality of extinguishing the tobacco.

Four cousins, all candidates for four of the principal offices of Christian county, is the record of Mr. D. A. Meacham, who is connected with the circulation management of the Evening Sun, and County Jailor W. W. Johnson, who was a candidate for re-election and died last week, was a cousin. The other candidates are: Claude Clark, who is a candidate for re-election as circuit court clerk; Clarke Bows, candidate for county court clerk; S. T. Fruit, candidate for county attorney, and Robert Mitchell, candidate for county assessor. All the candidates have secured the Republican nomination and a majority of them stand an excellent chance for election, by reason of the law and order predominating in Christian county.

## A Spring Drink.

When the lassitude of spring gets into your bones try drinking sassafras tea. This is an old, old remedy beloved of our grandmothers and like many another home nostrum is all to the good. It purifies the blood, acts as a tonic and makes life worth living after all.

To make the tea buy five cents' worth of the root at the drugists, pour a quart of boiling water over as much as will go in the palm of the hand, let it steep until cold, drain and drink a small cupful morning and evening.

## AT THE CHURCHES

Large congregations were present yesterday morning and evening at the Broadway Methodist church. The Rev. J. T. Sullivan delivered a forcible sermon at the morning hour on "The Significance of the Fourth Gospels" based on the vision of Ezekiel. At will he preached on "The Mistake Made by Adam and Eve in the garden of Eden". Dr. Sullivan received six names yesterday for church membership. The class will be received on next Sunday. The rite of infant baptism will be administered before the morning sermon.

The evening prayer service will be in charge of the Woman's Foreign Mission society of the church. A program will be rendered and a social hour will follow.

There was a large attendance yesterday at the Second Baptist church, especially at the Sunday School. Two strong sermons were delivered. Arrangements were made to pay off the church debt. Regular services will be held during the week as follows: Teachers' meeting on Tuesday evening. Prayer services Thursday evening at 7:45 o'clock, conducted by the Rev. J. W. Ferguson. The pastor of the church, the Rev. J. W. Bruner will preach next Sunday a. m., on the "Lord's Supper" and all interested in the subject are invited to be present. He will, also, at either the morning or evening hour take occasion to speak on "The Evils of the Present-Day Easter Celebration."

A state meeting of the Baptist Sunday schools will be held at Elizabethtown next week April 14, 15 and 16. At this meeting a state Sunday school convention will be organized. This will be the first convention and a convention will be held annually. The Baptist churches in this city will elect delegates to the convention next Sunday. There are over 1,200 Baptist Sunday schools in the state and each one is expected to send a representative to Elizabethtown. Several Sunday school workers besides delegates will attend from here.

A home missionary rally is in progress this afternoon and evening at the First Christian church, conducted by the Rev. George B. Ranshaw, of Cincinnati, and the Rev. Joseph Keever, of New York City. The public invited.

The Rev. M. E. Dodd, pastor of the First Baptist church, conducted two fine and strong services yesterday morning and evening. Large congregations attended both services. The subject of the morning sermon was "The Blood of Christ," and in the evening the pastor spoke on the "Remission of Sins."

At the Kentucky Avenue Presbyterian church, seven new members were received at the communion service yesterday morning. The Rev. J. R. Henry, pastor, delivered two strong sermons both morning and evening.

There were fourteen members in the confirmation class of the German Lutheran church yesterday morning and the class will take the first communion next Sunday morning. The Rev. William Grother conducted service in the morning and no evening service was held. Next Friday is Good Friday and the "Meditation on the Death of Christ" will be observed. There will be special Easter services.

The Rev. T. J. Owen conducted the regular services at the Third Street Methodist church yesterday morning and evening to large congregations.

Two enjoyable services were held at the First Presbyterian church yesterday, the Rev. W. E. Cave preached.

ing. Miss Anne Bradshaw sang the offertory in the morning.

The Rev. S. B. Moore spoke at the morning service at the First Christian church on "Beginnings in Kentucky and the Pioneers." The sermon was one of a series of centennial sermons that the pastor will give between now and the centennial convention of the Christian church in Pittsburgh next October. Dr. Moore recited the struggles of such sturdy men of God as John T. Johnson, eminent lawyer and member of congress, who gave up law and politics in order to preach the gospel of Christ. John Smith, rugged and uncounted, but mighty in the scriptures; Barton W. Stone, Samuel and John Rogers, David Purviance Thomas M. Allen, John A. Gano, Jacob Creath, P. S. Fall and Aylette Rains. Congregation morning and evening was large. Dr. Moore received word this morning that he had been appointed as one of the speakers at the centennial convention in October. Fifty thousand delegates are expected at the convention. Two additions to the church yesterday.

Royal for Golconda at 2 o'clock with a number of passengers and a lot of freight. George Cowling for Metropolis this morning at 11 o'clock and this afternoon at 4:30, carrying a number of passengers and a lot of freight. Russell Lord for White river this afternoon with a tow of empty barges after cross-ties for the Ayer &amp; Lord Tie company. She will tow the tow from White river to St. Louis. American for Calro yesterday with four barges of Cumberland river ties. W. W. O'Neil for Louisville Saturday night with a big tow of empty coal boats and barges. Peters Lee will leave for Cincinnati tonight immediately after transacting business at the wharfbat.

The W. D. Wayman is due in from Calro today and will prepare to go

The notion of even numbers being unlucky goes back to the age at which man first began to reason unreasonably, or become superstitious. The idea arose from the fact that even numbers were divisible, and the division was an omen of death. The luckiest of all numbers has always been the number 3, and for the reason that it is the smallest indivisible. The Romans esteemed it an unfailing sign of good luck, since Heate, the witch, had a three-fold power. Jupiter wielded a triple thunderbolt, Neptune had a three-pronged fork, or trident, and Pluto had a three-headed dog, Cerberus; there were three fates,

## MILLIONS OF LIVES LOST.

The Awful Toll Collected by Consumption.

If people could only understand that Catarrh is an internal scrofula—that nothing applied externally does much good—they would not need to be warned so often about this fatal disease, which, when neglected, invariably ends up in Consumption, at the cost of millions of lives every year. Yet Catarrh is easily cured if the right treatment is employed.

Catarrh is caused by germs in the blood which circulate throughout the entire system. External remedies give but temporary ease. Although the effects are often seen in the form of pimples, rash, eczema or dry scaly skin, the trouble is internal, and can never be cured by external remedies. The only way to cure Catarrh is by employing a medicine which is absorbed and carried by the blood to all parts of the system, so that the mucous membrane or internal lining of the body is thoroughly medicated, soothed, disinfected of germ matter, and the soreness healed.

We have a remedy prepared from the prescription of a physician who for thirty years studied and made Catarrh a specialty and whose record of success was a cure in every case where his treatment was followed as prescribed. That remedy is Rexall Mucuo-Tone. We are so positive that it will cure Catarrh in all its various forms, whether acute or chronic, that we promise to return every penny paid us for the medicine in every case where it fails to cure or for any reason does not satisfy the user.

We want you to try Rexall Mucuo-Tone on our recommendation and guarantee. We are right here where you live, and you do not contract any obligation or risk when you try Rexall Mucuo-Tone on our guarantee. We have Rexall Mucuo-Tone in two sizes. The prices are 50c and \$1. Very often the 50c size effects a cure. Of course in chronic cases a longer treatment is necessary. The average in such instances is three \$1.00 bottles.—W. B. McPherson, Paducah.

up the Cumberland after a tow of ties.

The John S. Hopkins will be the Evansville packet tomorrow morning.

The City of Saltito was in port Saturday night at 11:45 and out for Waterloo at 2:45. She will be in port again the last of the week.

The "fighting ships," the H. W. Buttorff and the J. B. Richardson, will be in port tomorrow morning from Nashville and way landings and will leave on a return trip tomorrow afternoon for Nashville.

The I. C. tug Anna S. Cooper was let off the marine ways today almost a new boat. She used had an entire new hull put on new timbers and her decks and cabin repaired. The Cooper will be used between this port and Brookport towing the transfer barge or towing barges of ties.

The Margaret will be due in port tomorrow morning from Nashville with a tow of several barges of ties for the Ayer &amp; Lord Tie company.

## three Graces, three Furies.

Any number that is divisible by 3 also partakes of that figure's lucklessness.

Much nonsense is uttered about the unluckiness of the number 13, particularly in regard to banquets at which that number of persons are present. This notion has come down from the solemn evening when Christ sat down to supper with the twelve apostles. A certain beautiful American Duchess is known in London for her superstition in this respect. She once had arranged, so the story goes, a party of fourteen to dine with her. At the last moment the late Lord Kelvin had to send his excuses. The superstitious hostess was unable to find a desirable person to fill the gap, and wrote to the scientist explaining her predicament, and entreating him to come. Lord Kelvin still replied that it would be impossible. He pointed out, however, that her superstition was illogical, on the following grounds: If the average proved 20 years there would have to be 129 persons at the table before there could be any scientific probability of one of them dying within a year. If 30, there must be 132; if 40, 133; if 50, 134; if 60, 135 and if 70 years, 136. Whether the lady was satisfied or not history does not say.

## A Rank Outsider.

The fashionable wedding presented a festive scene. Beautiful girls in gorgeous gowns were everywhere. The bride stood proudly beneath a

canopy of choice exotics beaming in her loveliness.

"Isn't she just too sweet," gushed an elderly matron. "But who do you suppose is the man who is always at her side?"

"I'm sure I can't imagine," replied another matron. Then, as a brilliant idea struck her, she remarked: "Oh, I guess the bridegroom!"

## IN SOCIAL CIRCLES

State Executive Board Has Delightful Meeting.

The Harrodsburg Democrat says of the recent meeting of the state executive board of the Federated Women's clubs in session there:

"After one of the most successful meetings in the history of the organization, the semi-annual meeting of the executive board of the State Federation of Women's clubs came to a close here this afternoon. The session has been the most largely attended of any ever held, all the members of the board excepting one being present. The various committees made most excellent reports, which showed that the work of the organization has developed four-fold during the past year. Seven new clubs were admitted to membership at the session today. The federation accepted an offer from the Farmers' Home Journal, of Louisville, to edit a page in that paper each week in the interest of the Federation work, particularly along the lines of educational household economics, forestry and waterways of Kentucky. A supplement of forestry was created, with Miss Mary Lafon, of Louisville, as sub-chairman. Arrangements were completed for the annual state meeting of the federation, which meets in Owensboro June 9, 10 and 11, and the program was outlined for same. Miss Dean, representing all the federated clubs of Owensboro, was here to assist in the arrangement of the program. In regard to the arrangements for the coming of Kentucky of Miss Caroline Bartlett Crane, of Kalamazoo, Mich., for a tour of the state in the interest of the civic condition, it was referred to a committee composed of Miss Lila Breed, of Louisville, and Mrs. Letcher Riker, president of the federation, who will make their report later. It is very probable, however, that Miss Crane will come here in the near future for a tour of inspection and she will deliver lectures in a number of the principal cities and towns of the state. The executive board of the federation is composed of the following ladies, who are present: Mrs. Riker, Miss Hardin, Harrodsburg; Mrs. James M. Mitchell, Bowling Green; Mrs. Frank Lowrey, Paris; Mrs. James A. Rudy, of Paducah; Mrs. Charles P. Weaver, of Louisville; Mrs. H. C. Muir, Nicholasville; Miss Louella Boyd, Covington; Miss Lillian Lindsay, Frankfort.

"On the evening of their arrival a beautiful full course dinner was given them by Mrs. Letcher Riker. The table decorations were in the spring colors, white and green—ferns, asparagus, plumosa and white hyacinths being used most lavishly. The centerpiece was a low basket of Rowan hyacinths surrounded by green candles and was especially effective. Covers were laid for twenty-three. Thursday Miss Haldon Hardin was the hostess at a lovely 1 o'clock luncheon. This was served at a number of small tables decorated in charming effects with tulips and mignonette. Friday at 2:30 o'clock the College Street club gave a reception in honor of the visiting club women at the home of Miss Ida Riker. Their guests were the members of the other federated clubs in town and those of the Art Circle who do not belong to the federated body."

## Hearst's Papers Stolen

Toledo, April 5.—Detectives are hunting today for a case, a grip, containing papers and valuables of William H. Hearst as his cause of action against Governor Haskell, of Oklahoma. It was stolen from E. A. Freshman, Hearst's attorney, at the station at Hastings, Mich., Sunday.

## WATER NOTICE.

Patrons of the Water company are reminded that their rents expired March 31. Those who desire to renew this quarter's rent should do so before it is forgotten, as all premises not paid for on or before April 10 will be shut off.

## Sampson Trial.

Lyons, N. Y., April 5.—Mrs. Georgia E. Sampson, of Macedonia, is being tried today by Justices Adelbert P. Rich, charged with the murder of her husband, Harry Sampson, nephew of the late Rear Admiral Sampson. She maintains her innocence. The trial promises to be sensational. All the evidence is circumstantial.

## Fort Smith Wants Commission.

Fort Smith, Ark., April 5.—Fort Smith is anxious to obtain a commission form of government, such as is in force at Galveston, Houston, Des Moines and other cities, and will be in Memphis after January 1, and a call is being circulated with that end in view, the object being to ask the legislature to pass an act enabling this city to adopt such a municipal character.

## Died After Long Speech.

Lincoln, Neb., April 5.—Concluding his address to Governor Shallenberger urging the signing of the bill providing for closing of saloons at 8 p. m., William A. Poynter, ex-governor of Nebraska, dropped dead of heart failure in the executive mansion today at the age of 61 years. The exertion of a long speech overtaxed his heart.

N. C. & St. L. Franchise. Frankfort, Ky., April 5.—The franchise assessment of the Nashville, Chattanooga & St. Louis railroad was also fixed finally by the board. The valuation was placed at \$5,710 a mile, or a total of \$1,017,517 for the system in this state. This is a slight increase.

## He Wrote "East Lynne."

San Francisco, April 5.—William Emmett Coleman, author and dramatizer of "East Lynne," died today at Alameda.

Admiral Cervera Dies. Puerto Real, Spain, April 5.—Vice Admiral Pascual Cervera, who commanded the Spanish fleet in the battle of Santiago, Cuba, died here.

From the blackmailer's viewpoint, keeping secrets is a paying business.

## FAST AND YET FEAST

Truly a seeming paradox to the person who desires to keep the full letter of Lent and abstain from meat without sacrificing physical loss. But turn from meat to nutritious, delicious spaghetti, especially the clean, wholesome Faust Brand Spaghetti (American made from American grown wheat), and the paradox is explained.

What a sense of mental and physical satisfaction follows the serving of Faust Brand Spaghetti, primarily appealing to every appetite, varied in its culinary possibilities, so that forty days of continuous Faust Brand Spaghetti diet could not possibly dull the palate to its tastefulness.

It is sold in five or ten cent packages by almost every grocer. A book of Faust Spaghetti recipes free on request, if you write

MAULL BROS., St. Louis, Mo.

pled and clothing is given charity patients. Delicacies and cut flowers are among the thoughtful attentions of the league to the hospital patients. The Hospital league is endeavoring to secure a carload of old magazines and newspapers on which they will realize a nice sum for their work, and request these donations from all housekeepers who find a supply on hand in their spring cleaning. If notified the magazines and papers will be sent for by the league.

## Glueklein Club Dance.

The Glueklein club will hold its regular dance tomorrow night at the Three Links building. Futtrell's band will play.

Miss Inez Parker left this morning for Benton, where she will take evidence in the bankruptcy court and do stenographic work during circuit court there.

Mrs. J. O. Rutter and Miss Fannie Rutter went to Smithland after a visit to Mr. J. H. Rutter, 419 North Sixth street.

Judge John K. Hendrick went to Princeton today on business. Mr. Grider Thornberry, circulation manager of The Evening Sun, returned last night from Clarion, Okla., where he was called by the serious illness of his father, Mr. W. W. Thornberry, who is much improved.

Mrs. J. L. King, of St. Louis, arrived today from Calho after a visit to her sister, Mrs. J. W. Hunsacker, and will visit her mother, Mrs. A. J. Fuller, 1069 Clark street.

Mr. C. H. Bradley went to Grand Rivers this morning on business.

Mr. John Keller left last night for St. Louis on business.

Mr. William Morgan, 1208 Tennessee street, has recovered after an illness with malaria.

Mrs. T. A. Downs arrived last night from Louisville, and will reside in Paducah. Mr. Downs, who is the assistant freight agent, accompanied Mr. Downs.

Mr. Fred McCreery, of North Thirtieth street, has recovered from an attack of grip and tonsillitis.

Mr. J. W. Qualls, secretary to W. E. Downs, assistant general freight agent, of Memphis, was in the city yesterday visiting Mr. and Mrs. Marshall Jones.

Mr. E. Hall went to Gilbertsville today on a visit to relatives.

Hon. W. J. Stone was in Paducah this morning en route to Benton, where he made a speech today in the interest of the tobacco association.

Judge E. W. Bagby went to Benton today to hold court in bankruptcy.

Miss Joe Miller, 416 South Sixth street, returned this morning from Mayfield after a visit to friends.

Mr. William L. Scott left today for Henderson on business.

Mr. Arthur Swanson has returned from Memphis.

Mr. Ed. H. Foster left this morning for Paris, Tenn., on business.

Miss Maggie Edwards, of Murray, will arrive this evening to attend the Lamb-Gresham wedding. She will be the guest of Miss Willie Willis, 509 North Sixth street, and will remain for a week after the wedding. Miss Edwards has visited Miss Willis on

other occasions and is a popular and attractive girl.

Mr. M. B. Tharpe has returned from Georgetown, where he attended the funeral of his mother, Mrs. Tharpe, who died last Monday night very suddenly of heart trouble.

Miss Alice Curlock, of Cairo, who is visiting Mr. and Mrs. James W. Clark, is improving from her illness.

Assistant Engineer R. B. Richardson returned today from Memphis, where he spent Sunday with relatives.

Mrs. Lou Rickman, of 1826 Bridge street, is visiting at Dawson Springs. Mr. Harold P. Fisher returned to Nortonville this afternoon after spending Sunday with his parents, Postmaster and Mrs. Frank M. Fisher. Mr. Fisher arrived from New Orleans early Sunday morning.

## NEWS OF COURTS

### Police Court.

Breach of peace—Tom Young and Belle Moore, fined \$10 each upon confession. Lynn Gray and Mary Hunter, Gray dismissed and Mary Hunter turned over to the juvenile court. Walter Tucker, fined \$5. Louis White and Con Newhouse, fined \$10 each. George Sharp, fined \$10. John Pete Eaker, fined \$10. Breach of ordinance—George Robertson, fined \$10 upon confession. Miles Donnell, fined \$10 upon confession. George Cook, fined \$4. Butch Selby, fined \$10. False swearing—Lillian Russell, examination waived. Held to answer, bail fixed at \$300. Pettifaring—Orval Cruse, fled away. Gambling—D. Rittoff and Clarence Dickerson, dismissed. William Henry, Will Walker, Henry Johnson, Albert Carter, Tom Jones, Clem Coleman, \$20. Leon Newton and Sam Bell, dismissed.

### In Quarterly Court.

County Judge R. T. Lightfoot called quarterly court this morning but adjourned until Thursday morning at 10 o'clock.

Fiscal court will convene tomorrow at the county court house, and a county road supervisor will be elected. Bert Johnson has announced that he will not apply for the place again, but there are several applicants. Magistrate John Thompson is tipped for the place, but of course it is uncertain who will land the plum. The applicants are: M. B. Tapp, Deputy Sheriff Clark Fortson and John Thompson.

Also the county tax levy will be placed by the fiscal court. At present it is 68 cents, but it is thought that it will be reduced to 66 cents. A county treasurer will be elected also by the court.

### APRIL RECORD FOR FIVE DAYS RUNS MARCH CLOSE.

All records in the annals of the police department for the number of arrests have been smashed and placed on the shelf by the records of the boys in blue for April. At midnight last night 48 arrests had been made, one-fourth of the number arrested during the entire month of March, although only four days of April had passed. Twelve arrests a day or a "pinch" for every two hours, but most of the arrests were made at night. The charges range from murder down to the plain drunk. Owing to the busy days of the police the city jail prisoners have been packed like sardines in a box, and this morning extra seats had to be provided in the police court room for the prisoners. The prisoners were lined up and those pleading guilty were sent down to jail, while those entering a plea of not guilty were left on the bench.

### Card of Thanks.

To our friends who were so kind to us during the illness and death of our beloved daughter, Nellie Pearl, we wish to return our thanks. Their many kindnesses will never be forgotten by

MR. AND MRS. GUS ARTES.

Iron Mountain nearest railroad. See or write A. W. Stewmon, 407 West Oak street, Carbondale, Ill.

"Rip Van Winkle" Success. The familiar drama of "Rip Van Winkle" is a remarkable example not only of the value of ignorance as a heroic attribute, but also of how the sympathies of an audience may be won for an unworthy object by means of a metrical but clever trick. Scores of persons tried, without success, to dramatize Washington Irving's story, but it was not until that most gifted of all play-builders and sage carpenters, Dion Boucicault, took the book in hand that an acting play was created. Boucicault saw at a glance that something must be done to make this village drunkard acceptable to the women in the audience, and he did it by deliberately trading on the feminine fear of a thunderstorm. If Rip had been put out of doors on a fair afternoon the piece would not have lasted a week but a little bit of stage thunder and lightning produced an artificial respiration that bids fair to keep it alive for eternity. For every woman thanks her stars that she is not out on the mountainside in that dreadful storm.—McClure's.

Had to Bow to Custom. The late King Oscar of Sweden was the least conventional of monarchs, but he had to courtesy to custom, nevertheless. The king and M. Bonnier, the botanist, met as strangers while out in search of flowers near Stockholm. They were soon the best of friends, and Bonnier suggested lunch at his inn.

"Come home with instead," said the other.

When the way led to the palace gates, Bonnier hesitated.

"I'm sorry," said his companion, "but I happen to be the king of this country, and this is the only place where I can entertain my friends."

# Works Like a Charm

## For Female Trouble

"I recommend Cardui to my lady friends," writes Mrs. Mattie Christopher, of R. F. D. 72, Atlanta, Ga. "I think it is the best medicine for female trouble I ever took. It works like a charm. Before taking Cardui, I had suffered with female trouble for 20 years. I was irregular and suffered untold misery. I took all kinds of medicines, but none did me so

much good as Cardui. Since taking it, I am regular, suffer no pain and am so much better, in every way. I cannot praise Cardui too highly. It is a wonderful medicine."

Cardui is a strength-building medicine, that you need, if your female functions are disordered, or if you suffer from any female pains, such as pains in head, side, back, hip, thigh, dragging sensations, falling feelings, etc. Try Cardui. It will help you.

**VALUABLE BOOK FREE**

## HOSE TOO SHORT

AND FIREMEN USED BUCKETS FIGHTING FLAMES.

Had to Wait for Second Line of Hose To Reach Burning House Last Night.

Damage to the extent of about \$1,000 was done last night by fire at the home of Henry Reynolds, colored, 1412 Atkins avenue, Rowlandtown. The fire started from the kitchen due and gained a hold in the attic before it was discovered. The run for the fire companies was a long one, and when the No. 3 hose company reached the scene the 1,000 feet of hose would not reach the house. A second alarm brought the No. 1 hose company, and 300 additional feet of hose were required to throw the water on the burning house. Until the extra hose was secured the firemen had to fight the blaze with buckets. The fire would have been extinguished with a small loss had the fire companies not been handicapped by the necessity of the long line of hose.

large bins which have a combined storing capacity of 600 tons, the amount of coal required daily.—Belleville Record.

—The Rev. G. T. Sullivan, pastor of the Broadway Methodist church, left this morning for Paris, Tenn., where this afternoon he preached the funeral of Mrs. E. McGowan. Dr. Sullivan was formerly pastor of the Methodist church at Paris, and was a personal friend of Mrs. McGowan. He will return tonight.

You are right, Cordelia; today will be yesterday tomorrow.

## BIG TANK OF LITTLE FISHES

Novel Show When a Million Whitefish Fry Were Hatched Out.

An exhibit at the Aquarium that attracts attention from every visitor is found in a great all glass aquarium tank six feet long by three wide and three deep, which rests upon a stout table standing on the ground floor near the Aquarium's model hatchery, and which contains about 40,000 tiny whitefishes recently hatched out; so many little fishes that even in so big a tank they make when scattered a haze and when they gather close a cloud in the water.

These 40,000 little fishes are some of a vastly greater number hatched out almost without loss from 1,000,000 whitefish eggs received from the United States fish hatchery at Northville, Mich., and here placed in five hatching jars. The young whitefish, close to a million of them altogether, came out within a period of ten days and the great majority of them within a period of two days.

From the top of each hatching jar a rubber siphon tube runs to a neighboring tank. When the fishes hatch out of the eggs they rise in the water in the jar until they are caught in a gentle current constantly setting toward the siphon, into which finally they are drawn, to be carried over through it into the tank in which the siphon leads.

When these whitefish began to hatch out, the siphons from three of the hatching jars were led to the big tank described, and in each of these siphon tubes there was inserted a foot long section of glass tubing, in which the little fishes could be plainly seen as they passed from the jar to the tank. When they were hatching out fastest little whitefishes passed through these three siphons at the rate of 25,000 an hour, or about 8,000 an hour through each tube, or more than 125 little fishes a minute, and people stood with their eyes fastened on the glass sections of these siphon tubes and watched the whitefishes scoot by.

Out of this lot of whitefish fry hatched out in the Aquarium's model hatchery 900,000 have been turned over to the New York State Forest, Fish and Game Commission, which has planted them in Lake Norton at Pawling.—New York Sun.

If a woman is ashamed to ask her husband for money she raids his pockets during the night.

## GREAT PROJECTS OF GOVERNMENT

### Reclamation and Panama Canal Work.

Ultimate Cost, Amount of Labor and Physical Obstacles To Be Overcome.

### COMPARISON OF ENTERPRISES

Comparison of Reclamation and canal work, in their order:  
Authorized, June 17, 1902—June 28, 1902.  
Excavation (cubic yards.) 54,889,977; 59,827,373.  
Roads constructed, 338½ miles; 35 miles.  
Tunnels, 58; None.  
Bridges, 793; One.  
Laborers, 10,000; 25,000.  
Doctors, 40; 35.  
Nurses, 80; 75.  
Money expended, \$42,000,000; \$175,000,000.  
Ultimate cost, Nothing; \$325,000,000.

(United Press.)

Washington, April 5.—Started within the same week by acts of congress, and working side by side since that time, the reclamation service and the Panama canal offer interesting facts and figures for comparison.

Although the difficulties that beset the engineers and workers in the canal zone have been numerous and varied, and their achievements worthy of all praise, few appreciate the wonderful progress made by the "conquerors of the arid West" in the reclamation service. And they have worked against almost as great odds, been beset by as hot a sun in summer, and with snows in winter—which latter the canal folks doubtless would be glad to have. Moreover, while the men at Panama have been at work twelve months in the year, the men in the West have been able to put in but eight months.

Most of the dams that constitute the first step in the various reclamation projects, started since the act of 1902, are located among mountain fastnesses and are not open to the ordinary means of communication. Whereas, the Panama railroads already existed with its rails and wires right alongside the route of the canal, it has been necessary, in the reclamation service to build roads to haul the cement and other material from railroads to mountain sites. At Yuma, twelve miles of railroad had to be constructed, and the engineers are now at work on twenty-four miles more in New Mexico.

The nearest project to a railroad is known as the Truckee-Carson, which is half a mile away, while the great Pathfinder Dam on the North Platte is 94 miles from the nearest railroad—more than twice the distance across the isthmus. And these 94 miles lie across a blazing desert and up the sides of rocky mountains. While work at Panama has been necessarily confined largely to digging, the men of the reclamation service have been building. They constructed fourteen dams and will soon have sixteen more completed, and these are immense structures bound by cement to rocks in high up near the source of the life-giving waters.

There have already been finished by the service 3,458.3 miles of canals—more than enough to stretch from New York to San Francisco. The water that feeds them comes, in some cases, by way of tunnels blasted through solid rock. Fifty-eight tunnels in all have been constructed, a work considerably greater than the building of the New York subway.

The total number of men employed by the reclamation service, including clerks, is less than 11,000. The number of employees on the canal zone, including clerks, is more than 40,000.

The reclamation service has started thirty projects, and it will be a number of years before these can be fully developed. If an inspector should start out to travel from one project to another until he had visited all, he would have to cover more than 9,000 miles traveling by the shortest known routes. This means diversification of administrative efforts and scattering of men. An inspector would have to travel less than 11 miles to inspect the entire Panama canal.

The work of the reclamation service is beginning to bear fruit. Already 675,514 acres of land have been reclaimed from the virgin desert, and 27,000 homes have been made for families in a country formerly worthless but which now blooms under the magic of irrigation. This land is valued at from \$22 to \$65 an acre, and before the reclamation service was started, Uncle Sam couldn't give it away.

It is conservatively estimated by engineers that there are 30,000,000 acres of land that can thus be made useful in the now arid west, and new homes provided for 2,040,000 people. The reclaimed land produces crops to the average value of \$25 a year per acre. This means a vast increase in the wealth of the nation annually, besides the permanent value of the land. One piece of land in Grand Valley, Colorado, under the government's reclamation service recently sold for over \$4,000 an acre.

Moreover, the work of the service has not cost the public one cent and

## Anty Drudge's Advice to Mr. Newlywed.

Mr. Newlywed—"Yes, we've got a fine little dove cote. But it's one of those swell apartment houses and they don't allow any washing done. Won't stand for the smell and muss."

Anty Drudge—"Poor boy, you must be nearly bankrupt with big laundry bills. But, get your wife some Fels-Naptha soap and she can fool the janitor. Won't need boiling water. Just use it cool or lukewarm. Rub the clothes lightly and they'll be like snow."

"If I only had some place to boil them I'd wash lots of my light clothes myself—the laundry wears them out so fast," said a young woman who lives in two rooms.

Then she heard about Fels-Naptha.

Now she is washing those things herself, without hot water, and doing it far better than if she boiled them.

She has found out that Fels-Naptha cleanses things more thoroughly in cool or lukewarm water, in little time, than if they were boiled till Doomsday.

If you live in a room, apartments or occupy a whole house, take a chapter out of this young woman's experience.

Boiling is unnecessary when you use Fels-Naptha, either in winter or summer.

All that's needed is cool or lukewarm water, and even a bowl or basin will do for a few things.

Follow directions on the red and green wrapper.

will not cost one cent. The original fund for reclamation, known as "the revolving fund," comes from the sale of public lands after the amount set aside for education has been deducted. When a project is completed, the land is sold to settlers for just what it has cost the government to reclaim it. Settlers are allowed to pay the purchase price in installments, so that the land literally pays for itself.

Beyond His Faith.

Senator Beveridge, discussing a bill that some men do know isn't any credit to them.

## HAIR WHITE AS SNOW

Restored to Natural Color with One Bottle of

## WYETH'S SAGE AND SULPHUR HAIR RESTORER

The Only True Hair Restorer, Tonic and Rejuvenator

ALMOST A MIRACLE

My hair was as white as snow when I commenced using Wyeth's Sage and Sulphur Hair Restorer. One bottle restored my hair to its natural dark brown color. As I am now 70 years old, I consider the result most remarkable. It is an agreeable and refreshing hair dressing, keeping the hair soft and glossy, without being in the least greasy or sticky.

**WM. WESTLAKE,**  
210 West Main Street, Rochester, N. Y.

Why hesitate when WYETH'S SAGE AND SULPHUR HAIR RESTORER is daily producing just such results?

After years of study and analysis of the hair, we have been able to produce an ideal Hair Tonic and Restorer, which contains an actual constituent of hair, combined with ingredients of recognized merit for treatment of hair and scalp diseases. It makes and keeps the scalp clean and healthy, gives life, strength and lustre to the hair, and restores faded and gray hair to natural color.

IT IS NOT A DYE

No matter how long and thick your hair is, WYETH'S SAGE AND SULPHUR HAIR RESTORER will make it longer and thicker. It will remove every trace of dandruff in a few days, stop falling in one week, and start a new growth in from one to three months.

These are facts that have been proven in scores of cases. WYETH'S SAGE AND SULPHUR HAIR RESTORER is guaranteed to do all that it is claimed to do or the price will be refunded.
